Company background : Six key dates

The company has a **strong international reputation** that is founded on the following issues:

- One hundred year's experience working with major French and European companies;
- Several thousands of machines that have been installed throughout the main players of the industrial world;
- The recognised quality and adaptability of our products.

2005: CMD join the GROUPE CIF. This group holds the companies FERRY CAPITAIN, FAD and ATELIERS ROCHE too.

1991: CITROËN-MESSIAN-DURAND belonging to PSA group, was taken over by the French group DYNACTION-MECADYNE.

1977: CITROËN-MESSIAN took over the company DURAND.

1962 : CITROËN took over the company MESSIAN.

1922: The company DURAND was created in NEVERS, specialised in worm reduction gears and associated products.

1920: Robert MESSIAN created the company MESSIAN in CAMBRAI.

1901: André CITROËN created the company ENGRENAGES CITROËN (CITROËN GEARS) in PARIS.
